

Technology Tools for Elementary Educators

2101 Wisconsin State Music Conference

Judy Meyer Hays, presenter

All projects and explanations are available to download at
<http://OutsideTheBox93.org>

Technology provides the perfect opportunity for elementary music teachers to create composition projects (Finale Notepad), accompaniments (Audacity), assessments and presentations (Word/PowerPoint/Excel). Besides showcasing ideas, techniques to create some projects will be demonstrated. Expertise required by teachers will range from novice to expert so that there will be something for everyone!

MICROSOFT OFFICE

Word: I Got a Letter
I Bought Me a Cat Assessment
Programs
Mark the Music
Mini books
Performance Reflection
The Bank Robber

Excel: Grade Book
Staff Paper
Calendar
